

Datacon Africa 2023

Approved Suppliers

Most of our exhibitors opt to have a stand built for them by the Datacon preferred stand builder Hott3D. This is an extremely convenient, cost effective and time-saving solution resulting in a slick-looking, well branded stand. Please refer to the link on the Sponsor Portal to see the package options - these are available in all stand sizes.

If you wish to enquire about costs of the various packages please contact Eddy Mlambo on: eddy.mlambo@coriniumgroup.com

If you wish to design your own stand, or require AV or furniture for your stand please see contract details below for our approved supplier Hott3D:

HOTT3D - Exhibition Stand & Printing Specialists

<https://hott.co.za/>

Contact: Liam Beattie - mentioning Datacon Africa at Century City.

liam@hott.co.za

+27 (0) 76 577 0989

HOTT3D can provide:

- Signage - roll up banners, backdrops, branding
- Bespoke stand design
- Modular stand design
- AV including display screens
- Stand furniture

If you have any questions regarding your exhibition space, please don't hesitate to contact the event Operations Manager:
